Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. M'CLANAHAN-ROSER

NUPTIALS SOLEMNIZED AT COLUMBUS, O., TUESDAY, AUGUST 31—A COMPLETE SURPRISE FOR THEIR MANY FRIENDS.

Friends in this city were advised on Monday of the marriage in Columbus, O., on Tuesday, August 31, of Miss Ella Lewis McClanahan and Mr. Elwood Roser. The ceremony was performed in the parsonage of St. Joseph's Episcopal church, Rev. Robinson officiating.

The marriage was quite a surprise to the many friends of the popular young couple, for while it has been known for some time to the observant that they were set apart for each other, it was not known that the little love god had completed his conquest.

Miss McClanahan is the daughter of Mr. and Mrs. B. P. McClanahan, of West Second street. Her graceful and charming manner attracted to her every one who had the pleasure of her acquaintance, and she has ever been exceedingly popular with a host of friends.

Mr. Roser is the son of Mrs. Sarah Roser and one of Maysville's rising young men who, by his sterling qualities, has won the respect of the business community.

While it did not fall to the lot of their many friends to participate in the happy event, they extend their heartfelt congratulations and wish the popular young couple a long, happy and prosperous life.

OPENING GAME TODAY

MAYSVILLE AND PORTSMOUTH LOCK HORNS THIS AFTERNOON IN FIRST GAME FOR SEASON PENNANT HONORS.

This afternoon at League Park the fans will get a chance to see the first pennant series ever held in this city, when the Colonels will take on the Portsmouth Cobblers for the honor of being the best team of the O. S. L. for the season of 1915.

In team batting and fielding the Colonels have the edge on the Cobblers, according to the averages, but ball dope is liable to be upset at any time and the weaker team may trim the stronger. One big factor in the success of any team is the support given it by the fans of the home city, and fans if you want the Colonels to win the O. S. L. pennant, help them by making your voices heard in the rooting at the game this afternoon. The players will surely feel a lot more like playing if they know that the fans are behind them heart and soul. All be at the game this afternoon and root.

Mr. William Wells, of the county, is exhibiting some of his high-class horses at the West Union Fair this week.

NEW BUILDING SITES

THOMAS L. EWAN & COMPANY TO SUBDIVIDE PROPERTY EAST OF BALL PARK INTO BUILDING LOTS.

Messrs. Thomas L. Ewan & Company have purchased the Saltee interest in the property just east of the ball park and after opening a street through from Second street to Forest avenue, will subdivide the tract into building lots which they will offer to the public.

The property was owned by M. J. Donovan and the Saltees and has been vacant for some time, but the purchase by Ewan & Company of the Saltee interest insures its improvement and the building up of that desirable section.

The tract is located in the best section of the city for residences, in fact it is the only remaining vacant tract in the East End, and the fact that Messrs. Ewan & Company have taken hold of it assures its successful subdivision.

It is the purpose of this enterprising firm to immediately begin laying off the avenue from Second street to Forest avenue and to proceed without delay to subdividing the tract in such manner that every site will be most desirable. The undertaking is in competent hands and under the management of Ewan & Company, the city is certain of a new residence section of which it can be justly proud, and prospective purchasers will do well to look into the matter without delay.

CONGRATULATIONS

ARE NOW DUE TO MR. BEN GREENLEE, ONE OF OUR POPULAR RURAL MAIL CARRIERS.

Mr. Ben Greenlee, the popular engineer of Rural Route No. 1 out of this city, who has been touring Kentucky for several days past, was caught at Owenton by one of Cupid's swift darts, and of course, he could get no farther.

Tuesday night he was married to Miss Gladys Hill, one of that city's charming young ladies.

Ben's many friends here are not only surprised, but upon his return will extend congratulations in a very substantial manner, and The Ledger will join heartily in the extending, as the groom is one of this city's splendid young men—one of whom we are all proud of.

MAYSVILLE PUBLIC SCHOOLS

HOLD AUSPICIOUS OPENING—LARGEST ATTENDANCE IN THE HISTORY OF THE SCHOOLS.

Maysville's boys and girls grossed bright and early Tuesday morning prepared to enter in the fall term school. From the present outlook the schools will this year enjoy the most prosperous year in their history and the attendance no doubt will be the largest on record, while the teaching corps is the most efficient ever gathered in the city. Superintendent Caplinger and the Board of Education are to be complimented on the condition of the school buildings which compare favorably with any city of this size in the country.

Twenty freshmen, thirty-one sophomores, twelve juniors and eleven seniors, in all seventy-four, began their work in the new commercial department of the High School.

THE KINDERGARTEN IS PRE-EMINENTLY PRACTICAL.

These are the acquisitions claimed for the kindergarten trained child, condensed from the statements of many primary teachers:

1. He is awakened.
2. He grasps much more readily than other children the idea presented, whether it be a direction to be followed, a story to be told or a new word to be remembered.
3. The kindergarten child uses his senses intelligently. He sees, he hears and he is able to intelligently express himself. The primary teacher has a little thinker to deal with, a mind ready to begin work for itself. Through his habits of observation, the kindergarten child has gained such a fund of knowledge concerning the world around him that the primary teacher has just so many more avenues through which to reach his mind.
4. He gains the power of concentration.
5. As he has learned to work unaided at a given task, the kindergarten child needs less supervision.

Matchless Suits For \$25

The central fact about these \$25 suits is that the man who makes them is a specialist; he produces suits for \$25 selling exclusively, and he brings to this work the advantage of highly trained effort and concentrated thinking. Another point—it is just as easy to manufacture in hundreds as in tens, and is vastly more economical.

No need to fear however that the styles will be duplicated for we never buy more than one suit of the same design and color. Fresh are ready for today—charming suits—garments in which every detail is finished with precision! And each suit comes direct from New York City.

Plenty of cheaper suits also.

Blouses For \$1.25.

Something you need to wear under the winter coat—blouses that won't crush and that rub easily. Here are kinds to fill that need. Low in price, smart in design and trimming. White voile, long sleeves, new models.

SUSPENDS JUDGMENT.

Washington, September 8.—Nothing in late dispatches regarding the sinking of the Allan Line liner Hesperian served to change the waiting attitude of the American government. Judgment is suspended pending complete information, and in spite of the statement of the Hesperian's captain that his ship was the victim of a torpedo and had no warning, high officials here are not disposed to question the good faith of recent unqualified assurances from the German government that her submarine commanders had been ordered to attack no more liners without warning.

Reports from Ambassador Page at London added few details to the story told in the brief cablegram in which Consul Frost at Queenstown announced that the vessel had been torpedoed with a loss of eight lives, none of them Americans.

Ship Was Armed.

The consul's statement that the ship carried on her stern a 4.7 inch gun went unmentioned, though the Allan Line officials have declared that she had no gun when she left Montreal.

News that the crippled Hesperian had foundered while being conveyed toward Queenstown dissipated the hope that an examination of her hull might prove beyond a doubt the nature of the wrecking explosion. The fact that the vessel was struck forward when well outside the zone in which the German submarines usually operate has caused some veteran naval officers here to advance the theory that she struck a drifting mine. It is pointed out that Consul Frost reported that while the British ministry believed the ship was torpedoed without warning there had been no official announcement to that effect and that none of the accounts of the disaster speak of a submarine being sighted.

NO APPREHENSION.

Berlin, September 8.—The news that the Allan Line steamer Hesperian had been destroyed by an explosion was published only this afternoon. Definite statements that no lives had been lost and that the steamer had floated until this morning caused the German people to take the situation calmly and there are no indications of apprehension over any possible effect the incident may have on German-American relations.

Say British Mine.

The newspapers abstain from comment, aside from advising their readers, in the terms of a semi-official announcement, to await more details, but in the headlines they indicate strong doubt as to the accuracy of the press accounts of the circumstances, particularly as to whether the steamer was torpedoed as described in the dispatches, "torpedoed" being printed with a question mark and one or two papers using in their headlines "German torpedo or British mine?"

MINERAL RESOURCES IN ALASKA SUFFER AT HANDS OF DEMOCRATIC ADMINISTRATION.

Washington, D. C., September 7.—For two successive years surveys of mineral resources in Alaska were delayed and prevented by neglect of the Democrats.

Failure to pass the appropriations for these surveys in time to equip the experts from the Geological Survey made the work impossible.

Reports from the Chief of the Alaska Mineral Resources Division furnish an official account of how this important activity was hindered by the negligent delay of the Democratic House.

"In 1912 the appropriation for the continuation of the investigation of mineral resources of Alaska was not made until August 24," says the administrative report for that year. "As a consequence of this delay but little could be accomplished and the projects undertaken could be carried out only at relatively heavy expense."

"Only three parties out of the twelve eventually dispatched to Alaska had a full season's field work. Several other parties were dispatched under temporary grants, but the funds were so inadequate that the parties were undermanned and but poorly equipped. Several important pieces of work had to be abandoned."

Appropriation for the same work was delayed the next year. The official description of the way this embarrassed the Alaska surveys is even more striking, the report declaring that it caused a loss of 29 per cent in time, a heavy money loss and a check in efficiency that can not be estimated.

"The fact that the appropriation was not made promptly," says the 1913 Department account, "much curtailed the field season of several of the parties and thereby greatly enhanced the cost of the work. Out of a total of fourteen field parties, only five had a full season's work. The loss in time due to delay in appropriation, amounted to an average of one month, or 20 per cent, for each of eight field parties."

"A careful estimate shows that the actual monetary loss occasioned by the delay—that is, expenditure for which there was no return—was over 7 per cent of the total appropriation. There was also a loss of efficiency brought about by the delay of the field work and consequent change of plans which can not be expressed in figures."

DWINISK OVERDUE.

New York, September 8.—Inquiries as to the whereabouts of the Russian-American line steamship Dwinisk three days overdue from Archangel, were made in maritime circles here.

The Dwinisk sailed from Archangel August 20 with forty-two passengers, of whom thirty-four were in the cabin, and should have reached here under usual conditions last Friday. It was said that no anxiety was felt on her behalf.

DESTROYER GOES DOWN.

Athens, September 8.—The Turkish torpedo boat destroyer Yavuz was sunk in the sea of Marmara by an allied submarine.

The torpedo boat destroyer Yavuz was built in 1907. She was 181 feet long and displaced 284 tons. The vessel had a speed of twenty-eight knots.

GERMANY IS BELIEVED TO HAVE SHIFTED ACTIVITIES TO SEA.

London, September 8.—The menace to Riga, an important Russian seaport in the Baltic, is becoming more serious. The Germans still hold the bridgehead at Friedrichstadt, the occupation of which effectively cuts off Riga's railway communications with the south, while German aircraft are active in the gulf, perhaps presaging another naval clash as part of a concerted German move from land and sea to complete the isolation of the city and force its abandonment by the Russians.

According to an unofficial Berlin dispatch received by way of Copenhagen, the Germans claim possession of the gulf, the Russians having abandoned Dagoo, the northern port of the three islands just outside the gulf. Berlin official communications lay no claim to further progress by Field Marshal Von Hindenburg, from the Baltic to Grodno, but thence southward the armies of Prince Leopold and Field Marshal Von Mackensen are said to be moving forward, while the Austrian official statement covering the battle line farther south records nothing but Tenthic gales.

The lavish use of shells by the French would seem to indicate some great undertaking but the plan is now not apparent to the general public.

Some dispatches tell of encounters between Italian and Austrian infantry on various sectors in which it is asserted the Austrians were compelled to yield and retire.

In reprisal for a German aerial raid on Lunenburg during market day which resulted, according to the French official report, in many casualties, for the most part women and children, a squadron of forty French aeroplanes has bombarded the station, works and military establishments of Saarbrücken. In the province of the Rhine, Prussia.

Two additional British steamers have met with disaster, either from submarines or mines—the tanker, Cymbeline, of whose crew six were killed, and the steamer Mimosa. The men on the latter vessel were saved.

OPPOSES MILITARY COURSE.

Kingston, N. Y., September 8.—John S. Fiske, state commissioner of education, speaking at the dedication of a high school building here, declared he was opposed to military training in the public schools. He added that he would fight with all of his "personal and official might" to prevent the introduction of such training.

GRANT STRIKE DEMAND.

PEOPLE'S CHAUTAUQUA

A NEW FEATURE IN CONJUNCTION WITH THE TEACHERS' INSTITUTE AT MAYSVILLE.

Maysville people never do things in part. Nor do they leave anything undone that will add to the pleasure of the visitor within their gates.

When the teachers' institute was elected to be held at Maysville this year the citizens of that energetic little corporation at once got the wheels in motion to entertain the visitors, not only with the best talent that could be gotten for the institute, but the early night hours were to be utilized with entertainments.

The Maysville High School Press was called into play, and after procuring of the best talent, the programs were issued, and the work would be a credit to a city office, where those things are featured.

The following is the program, together with a brief writeup of each of the stars. The session Monday night was well attended, showing that the people are in sympathy with any move that tends to elevate.

Monday.

Musical Program.
Vocal Solo—Mrs. Lucien Norris.
Woman's Suffrage—Mrs. Desha Breckenridge.

Tuesday.

Musical Program.

Friday.

Musical Program.

"Community Patriotism"—President H. H. Cherry.

Those who love the Bible, those who love literature, those who love scholarly attainments and polish and beauty of expression will be delighted with Dr. Farquhar and his lecture, "The Bible in Literature." Dr. Farquhar brings to our platform a very high order of talent and ability. He will be appreciated.

Dr. D. P. Curry is the man that "calls a spade a spade." His lecture is pregnant with truth plainly spoken. The information and instruction he gives is set off with illustrations and wit which will stay in your memory long after your sides have quit aching from laughter. But they'll ache.

Women, her rights and privileges, has no greater champion in Kentucky than Mrs. Desha Breckenridge. She is a woman of affairs and a charming speaker. The place that woman should fill in the world will be ably discussed by this thoroughbred Kentuckian. Who can afford to miss that?

Corn Wilson Stewart is said to be the most noted woman in America today. Her achievement in originating the moonlight schools and making war on illiteracy made the nation ring with her fame. She is in demand as a speaker from coast to coast. Do you really want to know something of this great movement from its originator? It is a heart story, a story of men and women being made free who had long worn the shackles of illiteracy. Of course you want to hear it.

In the list of men who have accomplished great things by their industry, bravery and pluck, H. H. Cherry stands high, having risen to prominence by his own efforts. He has a message well worth hearing.

We only wish he had space to tell about each one of our musicians and entertainers on these programs. Come and hear them for yourself.

SHOCKS RECORDED.

St. Louis, Mo., September 8.—A violent volcanic disturbance of two hours duration coming from a point apparently 3,000 miles northwest of here was recorded by seismograph at the St. Louis University observatory.

The action began at 7:19 o'clock p. m., and ended at 10 p. m. Twenty-three distinct shocks were recorded.

WHEN THE KIDNEYS FAIL

Maysville People Have Found That Ill Health Follows

Do you ever feel that you simply can't go any further—that you must have rest from that lame and aching back—relief from the constant, dead-tired feeling—freedom from those stabbing, darting pains? Likely your kidneys are worn and tired and need help. The kidneys work night and day, removing uric acid from the blood and other waste created by expenditure of strength and energy. Naturally a life of unusual activity doubles the duties of the kidneys and in time the strain generally tells. Doan's Kidney Pills have brought new strength to thousands of bad backs and quick relief to weakened kidneys, so users say. Let them do the same for you.

S. O. Duncan, blacksmith, Flemingsburg, Ky., says: "I had severe back-aches and my kidneys were out of order, their action being irregular. Hearing about Doan's Kidney Pills, I gave them a trial and was soon convinced of their merit. They strengthened my kidneys and back."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Duncan had. Foster-Milburn Co., Props., Buffalo, N. Y.

GERMANY AWAITS NEWS.

Berlin, September 8.—The German admiralty has sent no information regarding the Hesperian case. The sinking of the liner was commented on to this effect:

"It is more advisable to await more definite news as to whether the steamer was actually torpedoed and if so, under what conditions."

Mr. F. M. Bannion, of Vanceburg, was a business visitor in this city Monday.

TAFT SCORES ISLAND RULE.

San Francisco, Cal., September 8.—Severe criticism of the administration of the Philippines of Governor General Harrison was voiced by William Howard Taft in an address before the Commonwealth Club of California. Mr. Taft said that Governor Harrison, whom he designated as a Tammany Congressman of long standing, knew nothing about the Philippines, their people or their problems, and that his first act in office was to place himself under the virtual control of Manuel Quezon, a delegate to Congress from the islands and "a Filipino politician of not the highest standing in the Philippines." The wholesale removal of important, able and experienced American officials of the government to make room for Filipino office holders was decided upon by Governor Harrison, said Mr. Taft, after counsel with Quezon and Mr. Osmeña, the speaker of the national assembly.

"The effect on the whole service," continued Mr. Taft, "was so distressing that Mr. Harrison felt obliged to announce that he was not going to be as radical as reported."

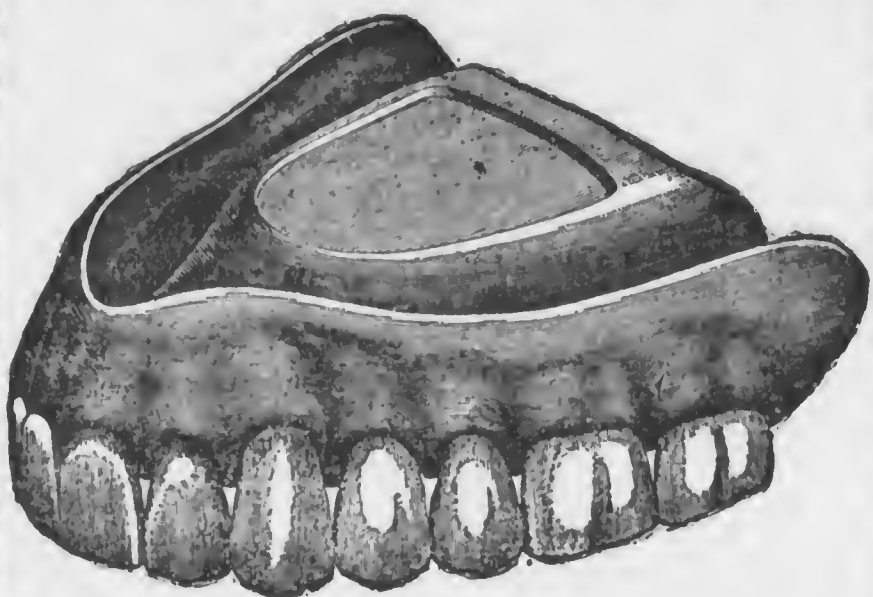

In general, the Philippine situation is such, he said, that a continuation of the policy now being pursued in the islands, might eventually demand the intervention of the American government in much the same manner as the present Mexican situation. The passage of the Jones bill, the purpose of which, Mr. Taft said, was to make a declaration that the United States intended to give up the islands to an independent Philippine government would make the work of "deterioration" complete.

APPOINTMENTS

MADE BY M. E. CONFERENCE AT COVINGTON MONDAY—REV. J. M. LITERAL AND REV. A. F. FELTS RETURN TO MAYSVILLE.

Covington, Ky., September 8.—The eighty-ninth conference of Kentucky Methodists, after a week's session, came to a close Monday. There were many resolutions passed at the session, including a record of hearty approval of words expressed by the boards of bishops at the last general conference, which proclaimed the neutrality of the Methodist Episcopal church toward the nations now engaged in the European war.

Another lengthy resolution adopted was the upholding of prohibition. There was a decrease of 1,500 reported in the membership. However, the bishop is confident there is a mistake in the figures and asked the pastors to send in their figures so that the mistakes could be rectified.

The assignments for the Ashland and Covington districts follow:

TOBACCO STATE REBELS AGAINST CARRANZA RULE.

Vera Cruz, September 8.—The major portion of the state of Tobacco has revolted against the Carranza government. Street fighting in San Juan Bautista, the capital of the state, and in Frontera, a town on the coast, resulted in the killing of General Colorado, the Carranza governor, the chief of police and the secretary of state. Many women and children were killed on the streets. The Carranza officials remaining seized a boat at Frontera and escaped to Vera Cruz.

According to reports, Tobacco is making an effort to join the state of Oaxaca in maintaining independence of General Carranza. Oaxaca revolted last June and has since refused to recognize General Carranza. Americans arriving overland from Oaxaca say that thousands of natives are starving or having died as the result of eating poisonous roots.

Railroad communications between Vera Cruz and Mexico City is precarious, this condition resulting from bandit raids. The latest details regarding the blowing up of trains at the town of Cameron, twenty miles outside of Vera Cruz, by forces opposed to General Carranza, show that 250 constitutional soldiers were killed. Some of the wounded and the bodies of some of the dead were brought to Vera Cruz.

Reports are persistently circulated that General Carranza is preparing to leave for Mexico City, but no official announcement to this effect has been made. It is believed here that he is unwilling to undertake this move while the Zapata forces are threatening communications.

DR. MANN

IS SENT TO LEXINGTON AS PRESIDING ELDER—CONFERENCE OF THE SOUTHERN METHODIST CHURCH CLOSES MILLERSBURG MEETING WITH APPOINTMENTS.

(Lexington Herald.)

The annual Kentucky conference of the Methodist Episcopal church, South, which convened in Millersburg last Wednesday, adjourned Monday afternoon, after Bishop James Atkins, of Waynesville, N. C., had read the appointments for the next conference year. Rev. Dr. E. G. H. Mann, who has been presiding elder of the Maysville district for the last four years, was appointed presiding elder for the Lexington district, which position he held eight years. That Dr. Mann, who is one of the best beloved men in southern Methodism, is to return to the Lexington district and continue to reside in this city and to edit the Central Methodist Advocate, will be received with great pleasure by hundreds of Lexington churchmen, not only of his own, but of other denominations.

Dr. Mann, in addition to the new duties and honors that were conferred upon him by the conference, was elected president of the Board of Education of the church, which has control over Kentucky Wesleyan College at Winchester, and the other institutions of the church in Kentucky. Dr. Mann succeeds Rev. John R. Deering, of this city, who resigned from the Board of Education to retire from active ministry. Dr. Deering will continue to reside in this city with his family at his attractive home, "Dixie," on Forest avenue. He takes a superannuate relation with the church, which means that he will not have a charge.

The morning session of the conference Monday was devoted to hearing reports from the boards and committees, and addresses by Rev. A. P. Jones, of Wilmore, who spoke in the interest of the Preachers' Aid Society; Dr. John R. Short, of Nashville, in behalf of the superannuate endowment fund, and Bishop Atkins on the great Southern Assembly at Jumbalski, N. C.

Following Bishop Atkins' address \$1,000 was raised to pay for a lot in the Southern Assembly grounds for Kentucky Conference.

The following are the appointments for the Maysville district:

J. D. Reid, presiding elder. Carlisle—M. T. Chandler. East Maysville—L. E. Williams, J. R. Wood superannuate. Fairview—C. A. Harmon, supply. Fiddingsburg and Helena—W. K. McClure. Germantown—W. T. Eklar. Hillsboro—W. F. Wyatt. Little Rock—C. H. Caswell. Maysville—W. B. Campbell. Moorefield—C. M. Humphrey. Mt. Carmel—J. M. Matthews. Mt. Olivet—C. K. Spelt. Saltwell—S. L. Moore. Sardis and Shannon—Peter Walker. Sharpsburg and Bethel—B. F. Casby.

Tilton—W. B. Hall. Toltlesboro—E. H. Ritchie. Vanceburg—J. W. Simpson. Washington and Hebron—E. W. Ishmael.

In the Covington district J. R. Kendall has the appointment at Augusta and Foster, and F. W. Barker goes to Brooksville.

TWENTY-SIX ARE MISSING FROM HESPERIAN'S LISTS.

Queenstown, September 8.—Six second cabin passengers, six cabin passengers and thirteen of the crew of the steamer Hesperian, torpedoed 150 miles off Queenstown Saturday, were unaccounted for, according to the revised official figures issued by the Atlantic Line. This brings the probable death list, including Miss Carberry, of St. Johns, Newfoundland, whose body is here, up to twenty-six.

The captain of the stricken liner remained by his ship until it sank. He declined to comment upon the disaster for publication; hence the official statement as to whether he believes his ship was a victim of a torpedo or a mine must come from the admiralty, although the captain is quoted as having told an Atlantic Line official that the Hesperian was torpedoed.

WOMAN SAW TORPEDO.

London, September 8.—According to the Daily Mail, Mrs. Chantham, of Montreal, one of the survivors of the Hesperian, says she saw a torpedo coming as she leaned over the ship's side.

FINAL SCALE

OF VOTES ALLOWED ON ALL SUB-
SCRIPTIONS GIVES ALL CANDI-
DATES EQUAL CHANCE TO WIN
AN AUTO.

Saturday night, September 11, at 9
o'clock!

That is the magic day and hour.
At that moment the Daily Bulletin-
Public Ledger automobile campaign
will close, bringing to an end the
greatest newspaper campaign that has
yet stirred this part of the state of
Kentucky.

And the candidates! Euthusied to a
point bordering on frenzy, aroused to
the unprecedented opportunities that
confront them, striving by dint of hard
and earnest effort to rise, battling with
every ounce of strength at their com-
mand to increase their reserve vote—
that is the condition that spreads over
Maysville and surrounding territory.

These workers pay no attention to
frequent rumors that circulate with
the hope of damaging effect. Mis-
leading stories have but one object—
to influence some candidate to retire
for fear of passing some one else in
the race. Such tales have no founda-
tion whatever. Every one is equal.
No one knows how many reserve votes
a candidate may have but herself.
Therefore, no matter what may be said
regarding the chances of any particu-
lar candidate, it is solely her own
opinion. Other candidates probably
have equally as substantial a reserve
vote, hence there is nothing to fear.

Courage and downright hustle are
the two main things to observe. Votes
are the only things that will win
prizes and every candidate should—
and for that matter is—taking it upon
herself to annex as many of these as
is within her power between now and the
final hour.

The subscriptions are coming to the
campaign office literally in handfulls,
and, when it is considered that all
candidates are sharing in this work,
the final outcome will, without a doubt,
be exceedingly close.

Just as in political campaigns, "dark
horses" are liable to come strongly to
the fore at the last moment. There are
some candidates whose activities in
the past have not been noticeable, yet
they have been quietly working all the
time, and the results of their work
will be shown when it is too late to
surpass them. This, again, makes
every subscription an urgent need for
even the slightest difference of votes
at the end may mean an automobile of
much higher value.

The last days are swathed in a veil
of uncertainties. In so far as the hu-
man mind can see, the outcome is im-
penetrable. And of the candidates who
are they will stand next Saturday morn-
ing and ultimate at the summit of
achievement that their wilfulness has
brought them. No one can tell. The
road ahead may be strewn with bar-
riers, but these will be of slight con-
sequence to the one that goes stead-
fastly onward through the corridors of
chance and out into the "Land Where
Happiness Lies."

Last Standing Soon.

The ballot box will be locked and
sealed, and the keys placed in a vault
at the bank, where it will be retained
until the judges open the box to make
the final count. The standing of
every candidate as it appears Thurs-
day will include every coupon, every
subscription ballot and every vote that
has been sent in for publication
throughout the campaign up to today,
at 2 p. m. The votes as they appear
tomorrow will remain unchanged, ex-
cept in case of correction, until the
final count by the judges.

WHO GOT THE FLOWERS?

Messrs. Justin McCarthy, Albert Cap-
pront and Fred Devine, the owners of a
houseboat moored at the foot of Bank
street, are puzzled these days. The
boys have for the last month been
carefully fostering a few beautiful
flowers on the deck of their craft and
under their careful attention the bloss-
oms were multiplying rapidly. But
Saturday evening when they went
aboard the craft they discovered that
some one had eloped with their buds.
After an investigation it was learned
that a well-dressed young lady had
plucked the flowers and made her get-
away. Who the lady is is a mystery.

Mr. and Mrs. R. G. Knox and family,
who have been visiting relatives at
New Liberty, have returned home.

POPULAR COUPLE QUIETLY MAR- RIED.

Sunday afternoon Mr. Ira Guy and
Mrs. Mattie B. Jones, both of German-
town, stole a march on their many
friends by quietly eloping to Millers-

this popular couple is a complete sur-
prise to their friends. Mr. Guy has
for years been engaged in the truck
